JAPANESE CURTAINS

Our Japanese curtains, which attract the eyes with their stylish design, will be the most popular among your decoration products! Japanese curtains are the first choice of many people as they do not get dirty for a long time and do not require ironing after washing due to their special registration.

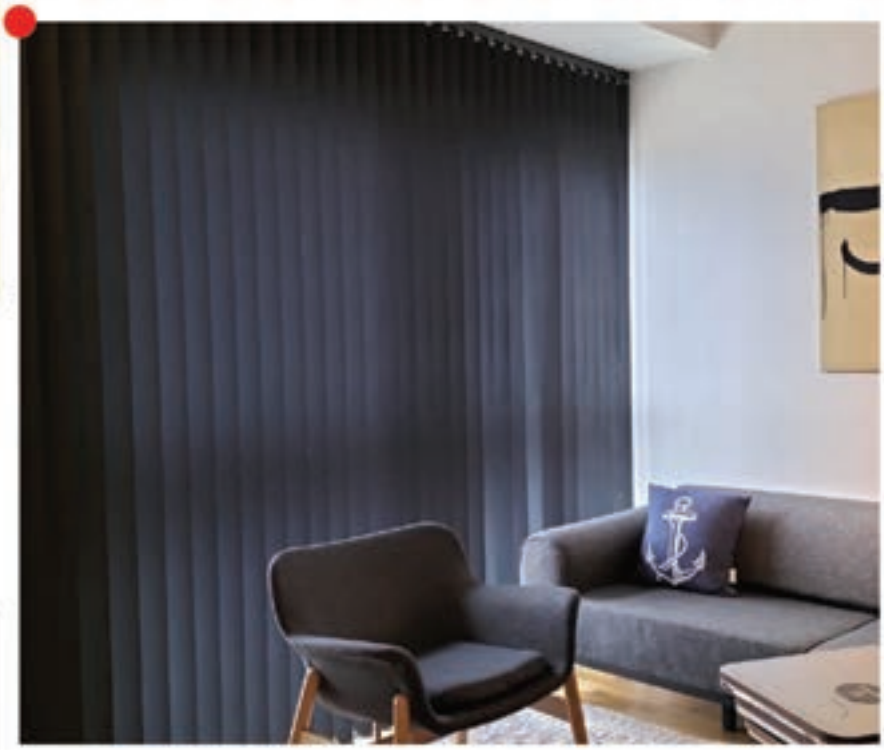

Modern Look **Wide Variety** **Easy to Clean**

ZEBRA CURTAINS

Zebra curtains, one of the most trendy curtain types of today, are frequently preferred in homes and offices with their tulle and thick fabric structure. The curtain, which adds a pleasant appearance to the environment when used with its thin tulle structure, also functions very well in blocking unwanted light with its thick fabric structure. Our zebra curtains, which combine two different curtain features in one curtain, will make you feel their elegance in all your rooms!

Easy to Use **Easy to Clean** **Rich Design**

BLACKOUT CURTAINS

Blackout curtains are one of the most popular types of curtains used in hotel rooms. It provides a dark environment in the room by almost completely blocking sunlight and contributes to a quality sleep experience for guests. Blackout curtains are indispensable for hotels, especially those located in the city center or in areas with intense lighting. This type of curtain, which prioritizes guest comfort, also contributes to thermal insulation and saves energy.

Practical Use **Long Lasting**

Easy to Clean **Strong Insulation**

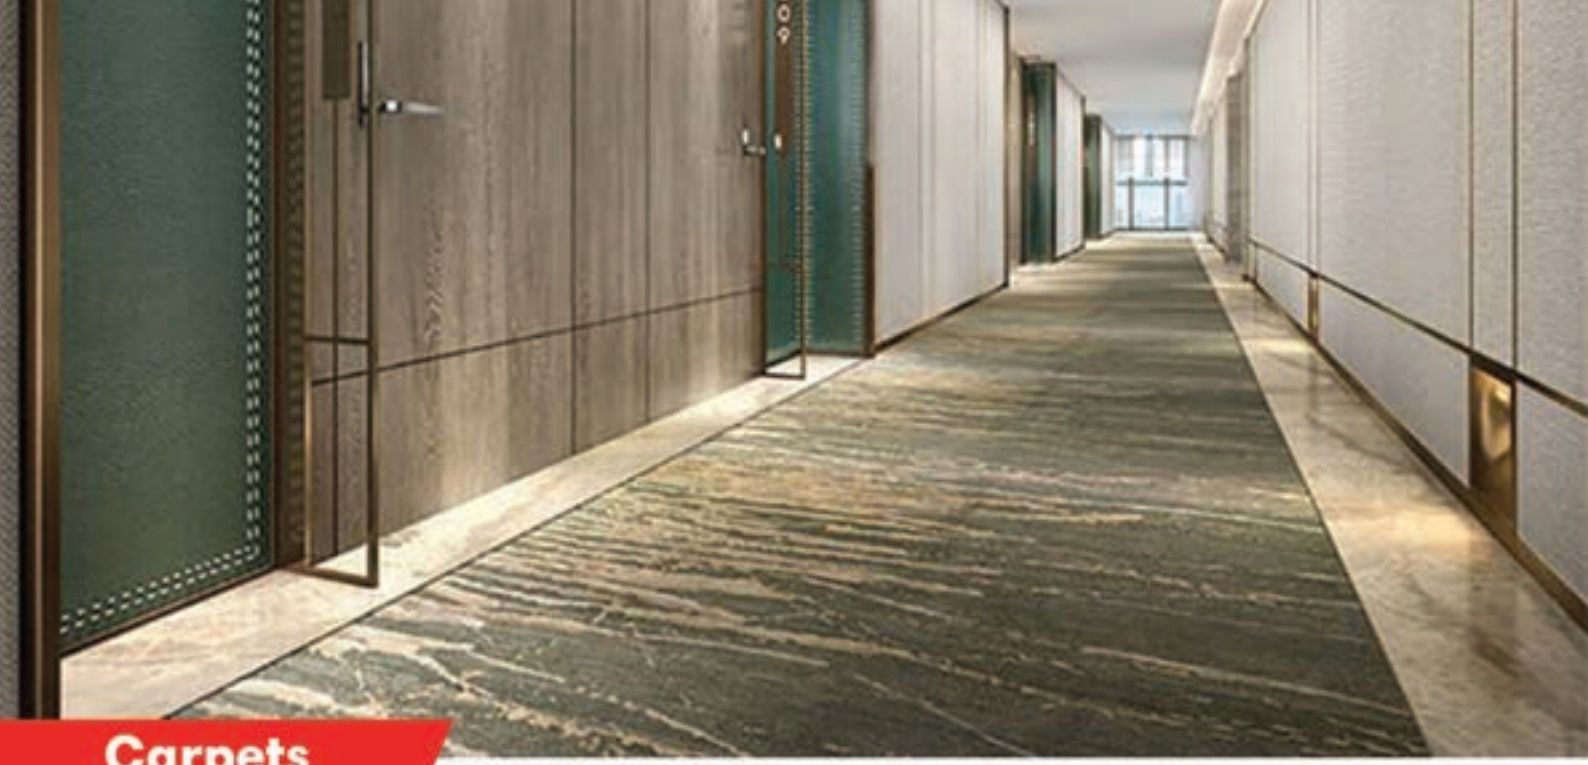

TULLE CURTAINS

Tulle curtains are frequently preferred in hotel decoration to create elegance and spaciousness. Tulle curtains, which soften the light and add natural illumination to the room, increase the comfort of the guests and also offer a decoratively elegant appearance. Tulle curtains used in hotel lobbies, restaurants or guest rooms impress with their aesthetic texture and add a sophisticated touch to your hotel's interior.
